Guarantee

Any Zippo windproof lighter, when returned to our Repair Clinic, will be put in first-class mechanical condition free of charge, for we have yet to charge a cent for the repair of a Zippo pocket lighter, regardless of age or condition. The finish, however, is not guaranteed.

Terms and pricing are limited to authorised Zippo Sales distributors and wholesalers only. Unless specified as retail pricing, this information is not intended for consumer use. Because we are constantly improving our products, some items may not look exactly as depicted. The availability of items and the prices listed in these catalogues is subject to change with or without notice at Zippo’s sole discretion.

Final prices will be the price based on Zippo’s published price list in effect at the time of shipment and will be reflected on the Zippo commercial invoice at the time of shipment.

2025 Collectible of the Year

Zippo welcomed the new millennium in 2000 with the Keeper of the Flame Collectible. 25 years later, we've reenergized the theme and solidified our claim to Keeper of the Flame with a Collectible of the Year that showcases Zippo's incredible decoration capabilities. For the first time, the combination of Deep Carve and Photo Image 360° engraving and three colors of inlaid epoxy are rendered in perfect harmony on an Armor® High Polish Chrome case and presented in a specialty two-piece gift box. Each remarkable keepsake is consecutively numbered and authenticated with a Luxury bottom stamp.

Production will be limited to 1,500 pieces, so don't miss your opportunity to offer this region-specific global Collectible to your customers.

- RED: Fire, warmth, power and energy
- BLUE: Peace, spirituality, intuition and inspiration
- GREEN: Nature, growth and balance

Guy Harvey

As the world's premier marine wildlife artist, Dr. Guy Harvey has dedicated his life and career to studying, protecting and capturing the beauty of the ocean and its inhabitants. His unique artistic style is influenced by thousands of up-close encounters with his underwater subjects, which he depicts in impeccable color and detail.

A portion of the proceeds from every Guy Harvey lighter design benefits the marine research and educational endeavors of the Guy Harvey Ocean Foundation.

Premium Custom Imprint Methods

All models below require special handling due to the unique processes and methods on each piece. Several model styles below require minimum quantities, tooling charges and special lead times, as well as specific art files. Contact your Zippo Sales Representative for more information.

Lustre

Restricted to plated finishes, the Lustre process recreates a design with intricate etching, which is then plated to add both depth and durability. Can be combined with 540 Fusion.

- 100pc MOQ for Antique finishes only

#60000813

Double Lustre

A design is double-etched onto a lighter and then plated for a layered, multi-dimensional effect. The lighter's high-polish finish is incorporated into the design's negative space for added depth.

- Base model restrictions apply
- Art constraints apply

#60006868

Fusion

A combination of specific pre-determined colour palettes and chrome breaks creates an iridescent, metallic look.

- Base model restrictions apply
- Art constraints apply

#60006542

Auto Two-Tone

Contrast is achieved when Zippo engraves in two different depths. Vibrant chrome and brass engraving allows for a "gold and silver" effect.

- Base model restrictions apply
- Art constraints apply

#60006775

Laser Two-Tone

Zippo's lasers can be programmed utilising two different depths, creating a unique contrast with silver and gold tones.
